

THE BARNS OF

WEST TENNESSEE

➤ We are "The Barns" ➤

Our beautiful barn was originally used as a shop and storage for hay and farm supplies. Our horses roamed freely in the field and around the pond. Chickens, goats, turkeys and ducks entertained us and provided us with eggs; this taught our Grandkids the cycle of life in nature. This property was originally an Amish farm when we purchased it in 2005. It became a family favorite to vacation. Our 1940's barn remains intact in its original state.

In 2014 we made the decision to convert our existing barn to create a beautiful, rustic, elegant venue for weddings, parties and other celebrations. Our grounds have been groomed, creating multiple ceremony sites. Bold fencing was built and arches and gates were installed to create a beautiful atmosphere perfect for pictures. All the while our horses still roam the fields making themselves visible to the delight of children and adults alike.

Our bridal suite was, originally, an apartment designed for use by my family. It was completed with its own kitchen, bath and pool table! Now, it is a stunning Bridal Suite made comfortable for our brides and their attendants to prepare for their special day. The conversion from family apartment to Bridal Suite was purposefully designed to create a space that would not just be comfortable, but also BEAUTIFUL for those special photos of our brides and their moms, family and friends. Everywhere you turn, you will see beauty!

Our amenities are too numerous to list but what we are most proud of is how we make you feel. Cherished, special and peaceful. Important for us at "The Barns" is that you know you and your family and friends are welcome. There is no doubt that our goal is to help you create your day as you always dreamed it would be! Our many brides will tell you how happy they are to have had their special day at our "authentic barns", a beautiful place, "The Barns" of West Tennessee. Where we are all about you!
